CZ SCORPION EVO 3 A1

The CZ for Professionals

The CZ SCORPION EVO 3 A1 submachine gun in cal. 9x19 is all-purpose, light automatic small arm of the PDW category. This weapon allows shooting to be conducted in bursts, limited bursts and in single shots.

In the standard version this SMG is equipped with a folding stock enabling shooting from the shoulder. The weapon can be shot from free hand when the folding stock is retracted. The effective range of fire from shoulder is up to 250 m distances, from hand up to 50 m. When the last cartridge from the magazine has been shot the bolt remains locked-open. No tools are necessary for routine maintenance disassembly. Low weight and small dimensions facilitate concealed carry and use in a very constraint spaces.

Characteristic features of this weapon are a good balance making quick and easy aiming, high accuracy of fire, long service life a high functional reliability under vari-

ous combat conditions. The relevant advantage is in ambidextrous controls and multiple rails as per MIL-STD-1913.

This submachine gun comes in a plastic case. The package includes two double-column magazines with 30 cartridge capacity, sling, and cleaning kit. On a special order the weapon can be supplied with accessories such as sound moderator, 20-shot magazines, several models of torches incl. quick attachment clampings, laser designators, tactical handles or red dot sights and other optics.
